Mr. William T Walker  
Assistant Township Manger  
Horsham Township  
1025 Horsham Road  
Horsham, PA 19044

Dear Mr. Walker:

I absolutely believe most definitely that Pave-It-All, Inc should not build a parking lot on the site of the woodland! One reason that Pave-It-All should not pave over our woodlands is they will demolish plants. Another reason they cannot pave over this land is it will destroy animals' habitats. The most important reason is there would be a lack of trees in this area.

The first reason why Pave-It-All, Inc should not build a parking lot is because it will destroy plants. Animals eat from the plants. Also Flowers breathe out good air so we can live. Lastly, plants make the woodlands brighter and happier.

The second reason why Pave-It-All, Inc should not build a parking lot is because they will destroy animal habitat. Some of the animals that live in the woodlands are bear, deer, fox, owls, chipmunk, and the downy woodpecker. Also, they will take away animals homes and then they will have nowhere to live, and the animals need their habitats to live.

The last reason why they should not build a parking lot is it would cause a lack of oxygen. Also they are going to cut down trees when we need trees. Then we are not going to have enough oxygen to live. Then the animals would not live because they need oxygen to live too.

This is why you should not let Pave-It-all, Inc build a parking lot on the woodlands. They will destroy plants, animal habitats, and our environment! That is why I strongly believe that Pave-It-All, Inc should not build a parking lot on the woodlands.

Sincerely,
